There will be no maximum number of stalls that exhibitors can book per breed (including stalls booked for calves) - However there are ceiling numbers for each breed and once these are reached for any given breed, applications will be put on a waiting list. Where a breed ceiling is reached, the online booking facility will be withdrawn.

We wish to encourage Exhibitors to fill all the Stalls they book, whilst allowing them to make a greater choice of the animals they bring to fill those Stalls. An Exhibitor may make more entries than the number of Stalls they have booked, with the intention of making the final selection of animals to be brought to the Show to fill all their booked Stalls just prior to the event. Anyone who does not fill a stall/s with an animal will have that number of stalls deducted from their allocation the following year (unless there is a veterinary reason for the animal being unable to be shown).

See also Reg. 72.3.

ANIMAL HEALTH REGULATIONS FOR CATTLE:

Exhibitors' attention is drawn to regulation (i) stating that:

In the event of new Animal Health Legislation being enacted between the date of preparation of this Prize List and the date of the Royal Highland Show, then Exhibitors will be expected to abide by any new conditions of that legislation.

NOTIFIABLE DISEASE

Any animal which shows signs suggestive of a notifiable disease, e.g. FMD, B.S.E., must immediately be reported to the Society's Official Veterinary Surgeons and/or Chief Steward who will then inform the Divisional Veterinary Manager. All requests and instructions by the Official Veterinary Surgeons, the Chief Steward or the Divisional Veterinary Manager concerning the suspected animal must be complied with.

BOVINE TUBERCULOSIS

Any exhibitor bringing cattle to the Show from outwith Scotland must in the previous 30 days from the Show have obtained a negative TB result on all the Cattle being brought to the Show. Exhibitors from these areas will be sent the relevant paperwork to be completed by a private veterinary surgeon. Evidence of such is to be sent to the Competitions Department before the 2nd June.

BOVINE VIRAL DIARRHOEA

All cattle (including calves) coming to the Show must come from a Scottish holding with 'negative' herd status for BVD, from a herd that is fully accredited free of BVD or they must all be individually tested free of virus (antigen) whether or not they have been vaccinated, in accordance with CHeCS rules (www.chees.co.uk).

Evidence of such is to be sent to the Competitions Department when requested.

BRUCellosis

Cattle from herds which are not under any restrictions may enter the Show. No movement permits are required.

Exhibitors must notify the Society's Official Veterinary Surgeons if any of their cattle calve or show evidence of calving at the Show. The animals will then be placed in the approved isolation boxes pending their possible early removal from the

Showground. The decision of the Official Veterinary Surgeons in such cases will be final and they will also have absolute control of the boxes. Where an animal calves at full term a blood sample and a vaginal swab will be taken and examined at an approved laboratory. If the Rose Bengal Test (RBT) and microscopical examination of a smear made from the vaginal swab are negative, the animal may return to the Show lines provided permission is granted by the Official Veterinary Surgeons.

Where an animal calves prematurely or aborts, the chief steward, official veterinary surgeons and divisional veterinary manager must be informed immediately. The animal will be placed in isolation in approved accommodation, and the full range of samples (including, if at all possible, a placental smear) shall be taken. The animal will not be allowed to take part further in the show, and once fit to travel must return home to its registered premises, or, alternatively, be retained until the end of the show in isolation and returned with the other competing animals from the same premises.

All other bovine animals from the same registered premises will not be allowed to compete further until negative results from certain tests carried out by the veterinary investigation centre (rbpt and microscopic examination of a vaginal smear from the aborted animal) have been received. They can be returned home with the suspect animal at the end of the show.

INFECTIOUS BOVINE RHINOTRACHEITIS

Separate facilities will NOT be provided for cattle in the scheme's IBR Category.

GENERAL REGULATIONS

Note: A line in the margin indicates where a regulation has been added or amended.

ENTRIES

DISCLAIMER OF LIABILITY

- 1.1.** The term Exhibitor shall include persons taking part in any competition, exhibition or display arranged by the Society and the owner of any animal, plant, machinery or other thing involved in any such competition or display or otherwise exhibited on the Showground (being all ground occupied or used, or designated for or available for occupation and use, in connection with the Royal Highland Show). Save for death or personal injury caused by breach of its duty, the Society will not be responsible for death, injury, disease, damage or loss caused to any Exhibitor or to his/her servant or agent or to any animal, article, plant, machinery or thing of whatever nature brought on to the Showground by the said Exhibitor from whatever cause death, injury, disease, damage or loss arises.
- 1.2.** Save as aforesaid the Exhibitor shall indemnify the Society against all claims, damages and expenses whatsoever in any way arising out of the presence of the Exhibitor, his/her servants, agents, exhibits, vehicles or equipment on the Showground and shall assume full responsibility therefore.
- 1.3.** Acceptance of the provisions of these General Regulations shall be a condition of entry.
- 1.4.** Exhibitors are advised to insure against fire and other appropriate risk not only as regards their own property but also against any third party claims.

RESPONSIBILITY OF EXHIBITORS

- 2.1.** All Exhibitors shall comply with any direction given by the Society's Directors, Stewards, Staff (identifiable by official badge or accreditation), the Official Veterinary Surgeons or by the Police. Exhibitors shall be answerable for all acts, whether

committed by themselves, their attendants, or others in charge of their stock, and shall be responsible for the condition of their animals during the whole time they remain in the Showground. Animals which are known to be wild or fractious by nature must not be brought to the Showground. In the event of any animal being excluded or removed from the Showground on the orders of the Chief Steward, any refund of fees or deposit shall be at the sole discretion of the Society.

- 2.2.** Exhibitors and their attendants are responsible for reporting any abnormal behaviour of their animals to the Chief Steward of their Section or to the Official Veterinary Surgeons. The Chief Steward shall have authority to exclude from Parades and/or the Showground any animal which in their opinion is wild or fractious to the extent of being a danger to the public, exhibitors or animals, without prejudice to what is provided in these Regulations as to the liability of Exhibitors. Exhibitors and their attendants or other persons in charge of the Exhibitors' stock are responsible for the welfare of their animals, both during transit to and from the Show and whilst in the Showground. The decision of the Society's Veterinary Surgeons during the Show shall be final on all matters relating to animal welfare.
- 2.3.** Exhibitors are prohibited from using any electrical equipment or device to restrain their animals whilst in the Showground or on vehicles parked on the Society's property.
- 2.4.** Where, in the sole opinion of the Chief Steward, any Exhibitor, his/her servant, agent, attendant or any other person fails to comply with, breaches or is in breach of these General Regulations or any other rules or regulations of the Society, the

Chief Steward shall be entitled to require such Exhibitor, servant, agent, attendant or any other person to forthwith remove from the Showground his or her animals, plant, machinery, equipment, vehicles, articles or other things of whatever nature involved in any competition or display or otherwise exhibited on or brought on to the Showground.

2.5 Notwithstanding anything else to the contrary in these General Regulations, the Chief Steward shall be entitled, in his/her sole discretion and on any grounds to (i) refuse to admit any person, animal, plant, machinery, equipment, vehicle, article or other things of whatever nature to the Showground and/or (ii) require the removal of any person, animal, plant, machinery, equipment, vehicle, article or other thing of whatever nature from the Showground.

2.6 In the event that any Exhibitor, servant, agent, attendant or any other person fails to comply with a direction given by the Chief Steward to remove forthwith from the Showground his or her animals, plant, machinery, equipment, vehicles, articles or other things of whatever nature, the Chief Steward shall have the power (acting as agent on behalf of such Exhibitor, servant, agent, attendant or any other person) and authority to remove or procure the removal of said animals, plant, machinery, equipment, vehicles, articles or other things of whatever nature from the Showground to a suitable and secure location and shall be entitled to recover all costs of such removal, re-location, storage and/or stabling or stalling; and in the case of animals the costs of fodder and bedding and all other costs reasonably incurred from such Exhibitor, servant, agent, attendant or any other person. Notwithstanding such removal, the Exhibitor shall remain the owner and be responsible for said animals, plant, machinery, equipment, vehicles, articles or other things of whatever nature and the disclaimer of liability and indemnity set out in paragraphs 1.1 and 1.2 above shall continue to apply irrespective of such removal, re-location, storage stabling or stalling.

Provisional entries will be accepted in respect of animals from flocks or herds which are subject to restrictions under the Animal Health Act 1981, but which are expected to have had the restrictions removed prior to the Show. In the event of restrictions failing to be removed, entry fees will be refunded provided written notification accompanied by veterinary certification is received by the Competitions Department. Similarly, entry fees will be refunded in respect of animals from a herd upon which restrictions are imposed after the closing date for entries provided written notification accompanied by veterinary certification is received. See separate regulations for Bluetongue.

RESPONSIBILITY FOR ENTRIES

4. Exhibitors are solely responsible for the accuracy and eligibility of their entries. The recording of an entry or the admission of the exhibit to the Showground will not relieve the Exhibitor of this responsibility. The entry fee paid for an animal entered in a class for which it is not eligible is not returnable. At no time shall an incorrect entry be allowed to move to another class.

SUSPENDED EXHIBITORS

5. The Board of Directors reserves the right to refuse, cancel, or prohibit the exhibition of entries from any person, particularly but without limitation those under suspension by any Agricultural Breed Society or Club or

by British Show Jumping or other Horse and Pony Societies.

LIMITATION OF ENTRIES

6. In the event of more entries being made for Classes in this Prize List than can be accommodated, the Board of Directors reserves the right to require Exhibitors to make a proportional reduction in the number of their entries in which case a proportional refund will be made of the relative relevant fees.

ONE CLASS ONLY

7. Other than for animals entered in the Light Horse, Heavy Horse Turnout and Driving Sections, or where otherwise specially provided for in this Prize List, no animal may compete in more than one class. In all cases, no animal may compete in any class except that prescribed for animals of its pedigree and description.

OWNERSHIP

8.1. All Stock exhibited at the Show, except where otherwise stated in the Prize List, must be, at the closing date of entry, the bona fide property of the Exhibitor(s) in whose name it is entered.

8.2. A stallion hired for the season will be considered to be the property of the person to whom it is hired.

8.3. An entry or entries may be submitted on behalf of an Exhibitor by an Exhibitor's Agent. These entries must be submitted under the name of the owner/s of the animal - in no case can the Agent be described as the joint Exhibitor unless he or she is, bona fide, the joint owner of the exhibit at the closing date for entries.

8.4 An exhibitor may not enter an animal which the judge has bred, sold, leased, produced or has financial interest in. Within equine classes, any rules given by HOYS or Breed Societies take precedence.

PAYMENT OF PRIZE MONIES/REFUND OF DEPOSITS

9. The Society considers that prize monies and/or deposits attach themselves to the exhibit and hence to the Exhibitor, i.e. the bona fide owner of the exhibit. Claiming prize monies/deposits will be the responsibility of the exhibitor under which the entry is made. The Competitions team will be in contact regarding prize money after the Show and the deadline stated within prize money correspondence will be the final deadline for any prize monies/deposits to be claimed. Failure to claim by the deadline will result in prize monies/deposits being forfeited. Payment will be made through the PayIt system, an email will be sent to all exhibitors with instructions on how to claim prize monies/deposits.

SUBSTITUTION

10. Between 18th April and 25th April an Exhibitor who has made an entry of Sheep, Goats, Beef Cattle, Heavy Horses or Light Horses will be permitted to substitute for it an entry of another animal in the same or another class on payment of a £10 administration fee per substitution. Such animal must, in terms of Regulation 8, have been the bona fide property of the Exhibitor at the original date of closing of entries.

WITHDRAWAL OF ENTRIES

11. The withdrawal of entries after 25th April are subject to a veterinary certificate and are at the sole discretion of the Society. A £10 administration fee will be deducted.

CANCELLATION OF STALLS OR PENS

12. Where a stall reservation in the Sheep, Beef Cattle, Dairy Cattle or Heavy Horse Classes is cancelled in writing before 25th April the Stall fee will be refunded, after deduction of a £5 administration fee.

REJECTING ENTRIES

- 13.** The Board of Directors reserves the right to refuse any entries it may think fit to exclude, or to cancel any entry made, or to prohibit the exhibition of any entry, or to cancel any Prize or Prizes awarded to any animal in respect of which a valid protest has been lodged or which is found to have been ineligible to compete.

ANIMAL HEALTH

- 14.1.** Details of the relevant Animal Health Regulations are contained in this Prize List.
- 14.2.** Animals suffering from any form of infectious or contagious disease - including ringworm or other form of infectious or contagious skin ailment - must not be brought to the Show and will not be admitted to the Showground.
- 14.3.** The Stewards have the power to require that any animal at any time showing any symptoms of infectious or contagious disease or any other form of illness or ailment be examined by the Official Veterinary Surgeons, and, if found to be so infectious, contagious or ill shall be, at the sole discretion of the Chief Steward, either isolated or excluded from the Showground. Any animal so excluded must be immediately removed from the Showground. All cattle showing any signs of ringworm shall, at the discretion of the Official Veterinary Surgeons or Chief Steward, be removed from the Showground and the production of a Veterinary Certificate relating to treatment shall not exempt any animal from this ruling.
- 14.4.** The Chief Steward in consultation with the Official Veterinary Surgeons shall have authority to prohibit the access of persons and animals to certain areas which will be clearly signposted.
- 14.5.** During judging of a class the decision of the judge with regard to soundness is final.
- 14.6.** All livestock susceptible to Blue Tongue coming to the Show must comply with current Government legislation and regulations.

CANCELLATION

The Show

- 15.1.** Organiser's Liability - Cancellation of the Show, Force Majeure etc.
- (1)** If the Royal Highland Show is cancelled, postponed or curtailed for any reason (including, by reason of an event of Force Majeure, which means any of the following which in each case is beyond the control of the parties: act of God, war, insurrection, riot, civil disturbance, acts of terrorism, fire, explosion, theft, malicious damage, strike, lock-out, third party injunction, outbreak of disease; national defence requirements, acts or regulations of national or local governments; and any other cause beyond the control of the parties) so that there is a restriction in the benefit or value of the exhibitors Rights, RHASS shall notify the exhibitor of the cancellation, postponement or curtailment as soon as possible.
- (2)** The parties agree to discuss options in good faith, including alternative activation, deferral of entry fees to the next Royal Highland Show or, if required, a full refund.
- (3)** Any alternative activation, deferral or refund will be offered on a prorata basis, and will take account of any benefits received.

BREED SECTION

- 15.2.** In the event of the entries in any section of Sheep, Goats and Horses being less in number than an average of five per class or the entries in any section of Cattle being less in number than an average of four per class, and the number of different Exhibitors in the section being less than three, the classes will be cancelled. Nevertheless, two or more classes may be combined if by so doing the viability of the section is ensured. In reaching any decision in the cattle sections, the number of stalls booked for the breed in question will also be taken into consideration.
- 15.3.** If in any year a Breed has failed to meet the conditions contained in 15.3 and the section has in consequence been cancelled, classes will be offered for the subsequent year. However, if numbers in that subsequent year do not meet the criteria the Board of Directors will not consider an application for the provision of classes until after two succeeding Shows.

The owner of said animal may be prohibited from again entering Stock for any of the Society's General Shows, for such period as the Board of Directors may see fit. For the purpose of this Regulation, the phrase 'artificial contrivance or device' shall be held to include blistering, bandaging or boarding of udders, setting of teats, and generally any other practice which results in the animal being shown other than in a natural state. The Society reserves the right to have all animals inspected by the Official Veterinary Surgeons either prior to, during or after judging.

Infringement of this Regulation will render the animal upon which the material is used liable to be disqualified.

At any time whilst an animal is in the Showground, it may be tested by a society or organisation to which the Society is affiliated, and the Exhibitor shall fully co-operate in such tests. A positive test result will be reported to the Board of Directors and to any relevant Breed society or association, whether or not the Exhibitor or his or her representative is shown to have administered or permitted the administration of the substance. The Board of Directors may impose such penalties as they see fit, following any investigation which they deem appropriate and decide to hold.

EXERCISING OF STOCK AND MOVING FROM STALLS

- 26.1.** No animal may be taken out of its pen/stall between 8.00 a.m. and close of Show daily except by order of the Chief Steward of the section, or with the written permission of the Livestock and Competitions Department.
- 26.2.** No livestock may be exercised in any area of the showground with the exception of Clydesdale Horses, Heavy Horse Turnout Horses, Highland Ponies and Shetland Ponies which can only be exercised in the Main Ring within the specified exercising times. The responsibility for parading Prize Animals rests solely with the Exhibitor or, in the latter's absence, with his Head Stockman or Groom. All prize-winning Cattle and Heavy Horses, including 5th and 6th Prize-winners, must take part in the afternoon Parades in the Main Ring on Saturday and Sunday. Parade cards will be issued to prizewinners and these must be carried during the parade and handed to an Official Steward. Exemption from the parade can only be granted by the Chief Steward who must sign the parade card. All instructions issued by the Stewards must be complied with. In Parade, Horses must be ridden or led as provided in their respective classes. Prize Cattle and Horses will receive one rosette each, which must be attached to the head of the animal. No rosettes or prize cards other than those awarded by the Royal Highland and Agricultural Society of Scotland at the Royal Highland Show may be displayed during judging or the parades of Livestock. Attendants must be beside their animals thirty minutes before the hour of Parade, and be ready to proceed to the Ring immediately on receiving the order of the Stewards. Except for animals excused on the written authority of the Chief Steward of the Section or of the Official Veterinary Surgeons, the failure of any Exhibitor or his attendant to parade a Prize Animal will result in the forfeiture of all prize-money awarded to such Exhibitor at the Show.

In cases of infringement of any other part of this rule or failure of any Exhibitor or his attendant to obey the instructions of the Society's Stewards, the Board of Directors reserves the right to retain all the prize money awarded to such Exhibitor at the Show.

- 27.2.** There will be no Light Horse Parades.
